the Gathering

with Faisal Muqaddam

Faisal Muqaddam is now offering an annual gathering. All DiamondLogos students who participated in at least one workshop with one of the DiamondLogos teachers are welcome to attend.

The Gathering will encompass a rich blend of meditation, transmissions, questions & answers, an overview of the DiamondLogos teachings and some personal processing.

We will be immersed for 5 days in the field of essence and have the time to integrate the Work and be with Faisal. Some transmissions which will be included throughout the days are the Diamond Body, the Point of Light and the Absolute.
